

- * All Natural
- * Biodegradable
- * Non Carcinogenic

- * Helps meet EPA 1996 mandate to reduce waste
- * Can be Incinerated

FLOOR GATOR®

PREMIUM OIL ABSORBENT

Floor Gator is a premium oil absorbent made from 100 % recycled waste products. Floor Gator will absorb up to six times its own weight. Floor Gator will encapsulate, suppresses vapors and eliminate residue left over by other absorbents. Floor Gator can be reused until fully saturated.

BENEFITS

- Encapsulates – Non Leaching – Non Carcinogenic.
- Absorbs up to six times its weight in oil or oil-based products.
- Helps meet EPA 1996 mandate to reduce waste by 50%.
- Reduces the risk of accidents from residue left over by other absorbents.
- Contributes 7,000 BTU's with less than 5% ash during incineration.

APPLICATIONS

- 1. Fuel, Oil and Grease Spills.** Floor Gator absorbs the liquid and suppresses vapors. Floor Gator reduces the residue which reduces the risk of accidents.
- 2. Volatile Liquid Spills.** Floor Gator absorbs and suppresses vapors. Reduces the risk of combustion.
- 3. Antifreeze Spills.** Floor Gator absorbs ethylene glycol for safer handling and disposal.

USE DIRECTIONS

Apply Floor Gator directly to the spilt liquid. If liquid is spreading, simply form a dam using Floor Gator to contain the spill. Immediately begin sweeping the Floor Gator back and forth through the liquid. Floor Gator will absorb the liquid and will not require secondary cleanup if enough product is used. Once the liquid is absorbed the contaminated Floor Gator should be swept up. Floor Gator can be reused until fully saturated. Contaminated Floor Gator can be disposed of by approved methods established by Local, State and Federal regulations.
