

OIL GATOR®

BIOLOGICALLY ACTIVE HYDROCARBON ABSORBENT

Manufactured from renewable sources and recycled materials.

- Supported by the United States Department of Agriculture
- Meets Presidential Executive Order #12873 guidelines for Federal agencies to give preference to the purchase of products that pose fewer burdens on the environment.
- Helps meet 1996 EPA mandate to reduce generated waste.

Oil Gator® is a recycled waste product that contains naturally occurring microorganisms and nutrients. Oil Gator absorbs, encapsulates, suppresses vapors and bioremediates hydrocarbons into carbon dioxide and water. Oil Gator uses nature's methods and materials to control and remediate hydrocarbons.

Oil Gator® is a natural method to remediate spilled hydrocarbons.

National Stock#	Part #	Description	Size	Packaging
4235-01-440-7189	OG30	Oil Gator	30 lb. Bag	50 per pallet

Gator Products are all natural, non-toxic and biodegradable. Gator absorbent products incinerate easily and contribute 7,000 BTU with less than 5% ash residue.

AARC

A private/public partnership of the Alternative Agricultural and Research Commercialization (AARC) Corporation, a wholly-owned government Corporation of the U.S. Department of Agriculture.
