Ms. Nancy Worthington
Sales Manager
Product Recovery Management
205 Broadway Street
Durham, NC 27701

Dear Ms. Worthington:

Ref: New Products – Floor Gator and Oil Gator

I have reviewed the information you have provided concerning the two products, Oil Gator and Floor Gator, and would like to offer the following comments.

- 1) Oil Gator - It appears from the information provided that this product could aid in the treatment of contaminated soils. As discussed earlier, this product would have a limited use by the SCDOT forces since we do not deal with this in large amounts. Based on this review, we approve this material for use by SCDOT forces and will continue to provide the product to our forces through the Department's Supply Depot as long as there is a demand.

This approval does not obligate the Department to use or specify the product.
The Department will revoke approval of the product should it fail to perform as specified.

Please feel free to contact me if there are any further questions concerning the disposition of these products.

Yours truly,

R. D. Snider, P.E.
District Maintenance Engineer
